## About HRCR

The Historic Rally Car Register is the club for anyone with an interest in Historic Rallying, the branch of motor sport dedicated to the types of cars that were rallied from the 1950's through to the 1980's.

HRCR members can be found supporting all forms of historic rallying in Britain and abroad, as drivers, navigators, marshals or spectators, whether in the Welsh lanes, the Yorkshire forests or on the famous Alpine passes. Created in 1983, the HRCR celebrated its Silver Jubilee year in 2008. The HRCR is the largest organisation of its kind in Europe, with around 2000 members and a host of championships, events and meetings to suit all tastes. The HRCR is run by enthusiasts - for enthusiasts.

At the head of the HRCR's competition programme is the **MSA British Historic Rally Championship**, the UK's premier historic rally championship, taking in both gravel and asphalt stage rallies.

The HRCR also organises **Historic Road Rally** championships, for its many members that like to compete in daytime regularity rallies or traditional night rallies.

A coordinated series of **Scenic Tours** offers non-competitive events with simple navigation, while **HRCR Area Groups** hold regular social meetings and a selection of competitive and non-competitive events in most parts of the country.

Published bimonthly and received by all members, the **oldSTAGER** is the only magazine totally dedicated to the exciting and varied world of historic rallying.

So, if you want to get involved in any form of historic rallying, this is the club for you!

### History

Motoscope Performance Specialists was founded in 1972, by Dave Owen, under the trading name Motoscope Rally Equipment. The business moved to our present location in 1989, as part of an expansion programme. In February 2004, Dave sold the company to Richard Pocklington. The company is now trading under the name of Motoscope (Northallerton) Ltd. Richard has been working at Motoscope for 10 years. Richard is a local lad, and has a passion for Motorsport.

### Profile

We specialise in Fast Road and Track Day applications, whilst retaining our Motorsport Department. We look after several customers' cars, a Grp A Ford Puma (based on a Grp A Ford Escort) and Ford MkI & MkII Escorts. Other customers cars that we look after include the second Grp A Ford Puma, Ford MkI Escort Historic Rally Car, Ford MkII Rally Cars and a Renault 5 Turbo Race Car.

Our unique blend of product availability and technical back up make us the ultimate in next generation performance accessories. Our specialist showroom is stocked with a huge range of performance parts and our experienced sales team are on hand, ready to share their extensive product knowledge to help you make the right choices.

For our Mail Order customers, our Despatch Department is committed to ensuring prompt delivery to your door.

We offer full workshop facilities, where our skilled technicians can provide an unrivalled professional fitting service on all parts we supply, and often While-U-Wait. If your car needs servicing or mechanical repairs why not try us. We have the latest equipment and our skilled technicians can ensure that your car receives the very best of care and attention.

We also have a rolling road that lets us simulate actual driving situations, by putting your car's engine under varying loads, and allowing the fuelling along with the ignition timing to be plotted throughout the full RPM range. Time on the rollers can optimise ignition timing and fuel efficiency as well as improving power whilst also keeping emissions low. This facility is not usually available at most other car service outlets, so next time your car needs tuning, bring it to Motoscope and let our experts restore it to its optimum state of health. Motoscope service and repair all types of cars and we are also happy to service light commercial vehicles. So, whatever you drive let us keep it in fine working order for you!

We hope you enjoy your visit to our web site, and you will visit our store soon.

The HRCR MOTOSCOPE  
Northern Historic  
Rally Championship 2012

[www.motoscope.co.uk/nhrc.htm](http://www.motoscope.co.uk/nhrc.htm)

Welcome to the 2012 HRCR MOTOSCOPE Northern Historic Rally Championship organised in association with the Historic Rally Car Register.

Northallerton based MOTOSCOPE remain as main sponsor and we also extend a welcome to our supporters: KD Grafix, who produce the championship advertising, Phill Andrews Photography (official championship photographers), The Golden Lion Hotel (presentation and awards venue), the team at LRB Trophies (awards and trophies) and Pinz'n'needles (championship clothing). Without these supporters the championship would not be what it is. We are sure that all their support will again make this the premier National B Historic championship to compete in.

With 10 events on this years programme (of which 6 count to the final championship positions) there is plenty of variety for all contenders to compete on rallies within the Northern sector of the country and depending on their location cut down on the long haul to the events themselves. The qualifying events can be found on page 12. For 2012, the series will continue to run under a National B status and begin in February and finish in December. The events themselves remain the same as 2011 with the addition of two new rounds: The PIRELLI Historic Rally taking place in April (Rd 3), giving crews the opportunity to compete in the superb Kielder forests and also compete against those in the Dunlop Wonago.com MSA British Historic Rally Championship. The other new round takes crews into Greystoke Forest in July for a single venue event organised by West Cumbria Motorsport Club.

During this championship, the glorious engine notes of the historic cars can be heard echoing through the forests of North Yorkshire, Lake District, Kielder and Scotland, as well as on the asphalt stages surrounding Duns, providing a superb spectacle for all spectators young and old.

The MOTOSCOPE series runs to the same three categories as the MSA British Historic Championship. Category 1 is for pre 1967 cars, Category 2 is for cars from 1967 to 1974 and Category 3 is for cars from 1974 to 1981. Within each category is a range of classes depending on the cars engine size. In Category 1, the historic category, Mini Coopers, Porsche 911s and Saab 96s do battle. Category 2 brings the Mk 1 Escort in RS1600, Mexico, 2-litre Pinto or BDA engine specifications. This is know as the post historic class, where the main opposition comes from Porsche 911s aswell as Hillman Avengers & the BMW 2002TI. Category 3 is mostly Mk 2 Escorts and RS1800 models, but also features cars such as the Opel Ascona 400, Vauxhall Chevette HSR, Opel Kadett GTE, Talbot Sunbeam and Triumph TR7. This is where the overall rally winner usually comes from but in rallying anything can happen and you could see a Category 1 or 2 car taking top points.

The HRCR MOTOSCOPE Northern Historic Rally Championship is a full blown stage rally series and the competition is intense between all cars regardless of their category or class. All the cars have the opportunity to win the championship overall as the scoring system awards overall points to each of the three classes. This, added to their final class and category points determines their final score for each round. A maximum score of 20 points is available to each competitor. The points breakdown can be found on page 19. All the championship rounds except rounds 7 (Greystoke) & 10 (Kall Kwik) are run on route notes, but maps are still available should crews wish to use them. On these rounds, there are no route notes allowed so every competitor is on the same playing field. Whether the contenders are battling in the forests or through the closed roads around Duns, the HRCR MOTOSCOPE Northern Historic Championship is regarded as one of the premier regional championships and is hopefully set to get ever stronger in registrations and variety of participating vehicles. If you are not able to participate in the championship then come along and see some of the events and see what you think.
